

A photograph of a garden pond. The pond is filled with water and has a large cluster of lily pads in the center. The lily pads are mostly green, but some are yellow and some are brown, indicating they are aging. The pond is bordered by large, grey, rectangular stones. To the left of the pond, there is a rusty, old-fashioned hand pump. The ground around the pond is covered with grass and fallen leaves in various colors, including yellow, orange, and brown. The overall scene is a typical autumn garden setting.

**Find-a-Frog  
or two or three  
or maybe more**

or maybe more**

For Mira, Max, and Gale

Can you see me?

I'm in the secret cave

I see you!

Can you see us hiding together?

How about now?

me too

Here I am!

A photograph of a stream with a frog on a rock. The frog is a dark green color and is perched on a large, dark, layered rock. The stream is in the foreground, and the water is dark and still. The background shows more rocks and some dry leaves. A text box in the upper right corner asks "Can you find me?".

Can you find me?

I'm down here!

I think I'm well hidden

I didn't say that,  
must have been  
some other frog

Maybe you can see me now?

Yup, that's me!

How many frogs can you see? 2? 4? 6?

Two on the rocks

Two hiding in the grass

And two in the water!

How does my camouflage work?

Oh, you found me  
already?

I hope the bugs can't see me

Don't tell them where I am

It's our secret

There's no frogs here, nope, don't bother looking for us.

Alright, maybe one frog

I'm hiding! Guess where

Nope, not there...

Not there either...

I'm peeking out

Here I am!

Wait, wait wait.

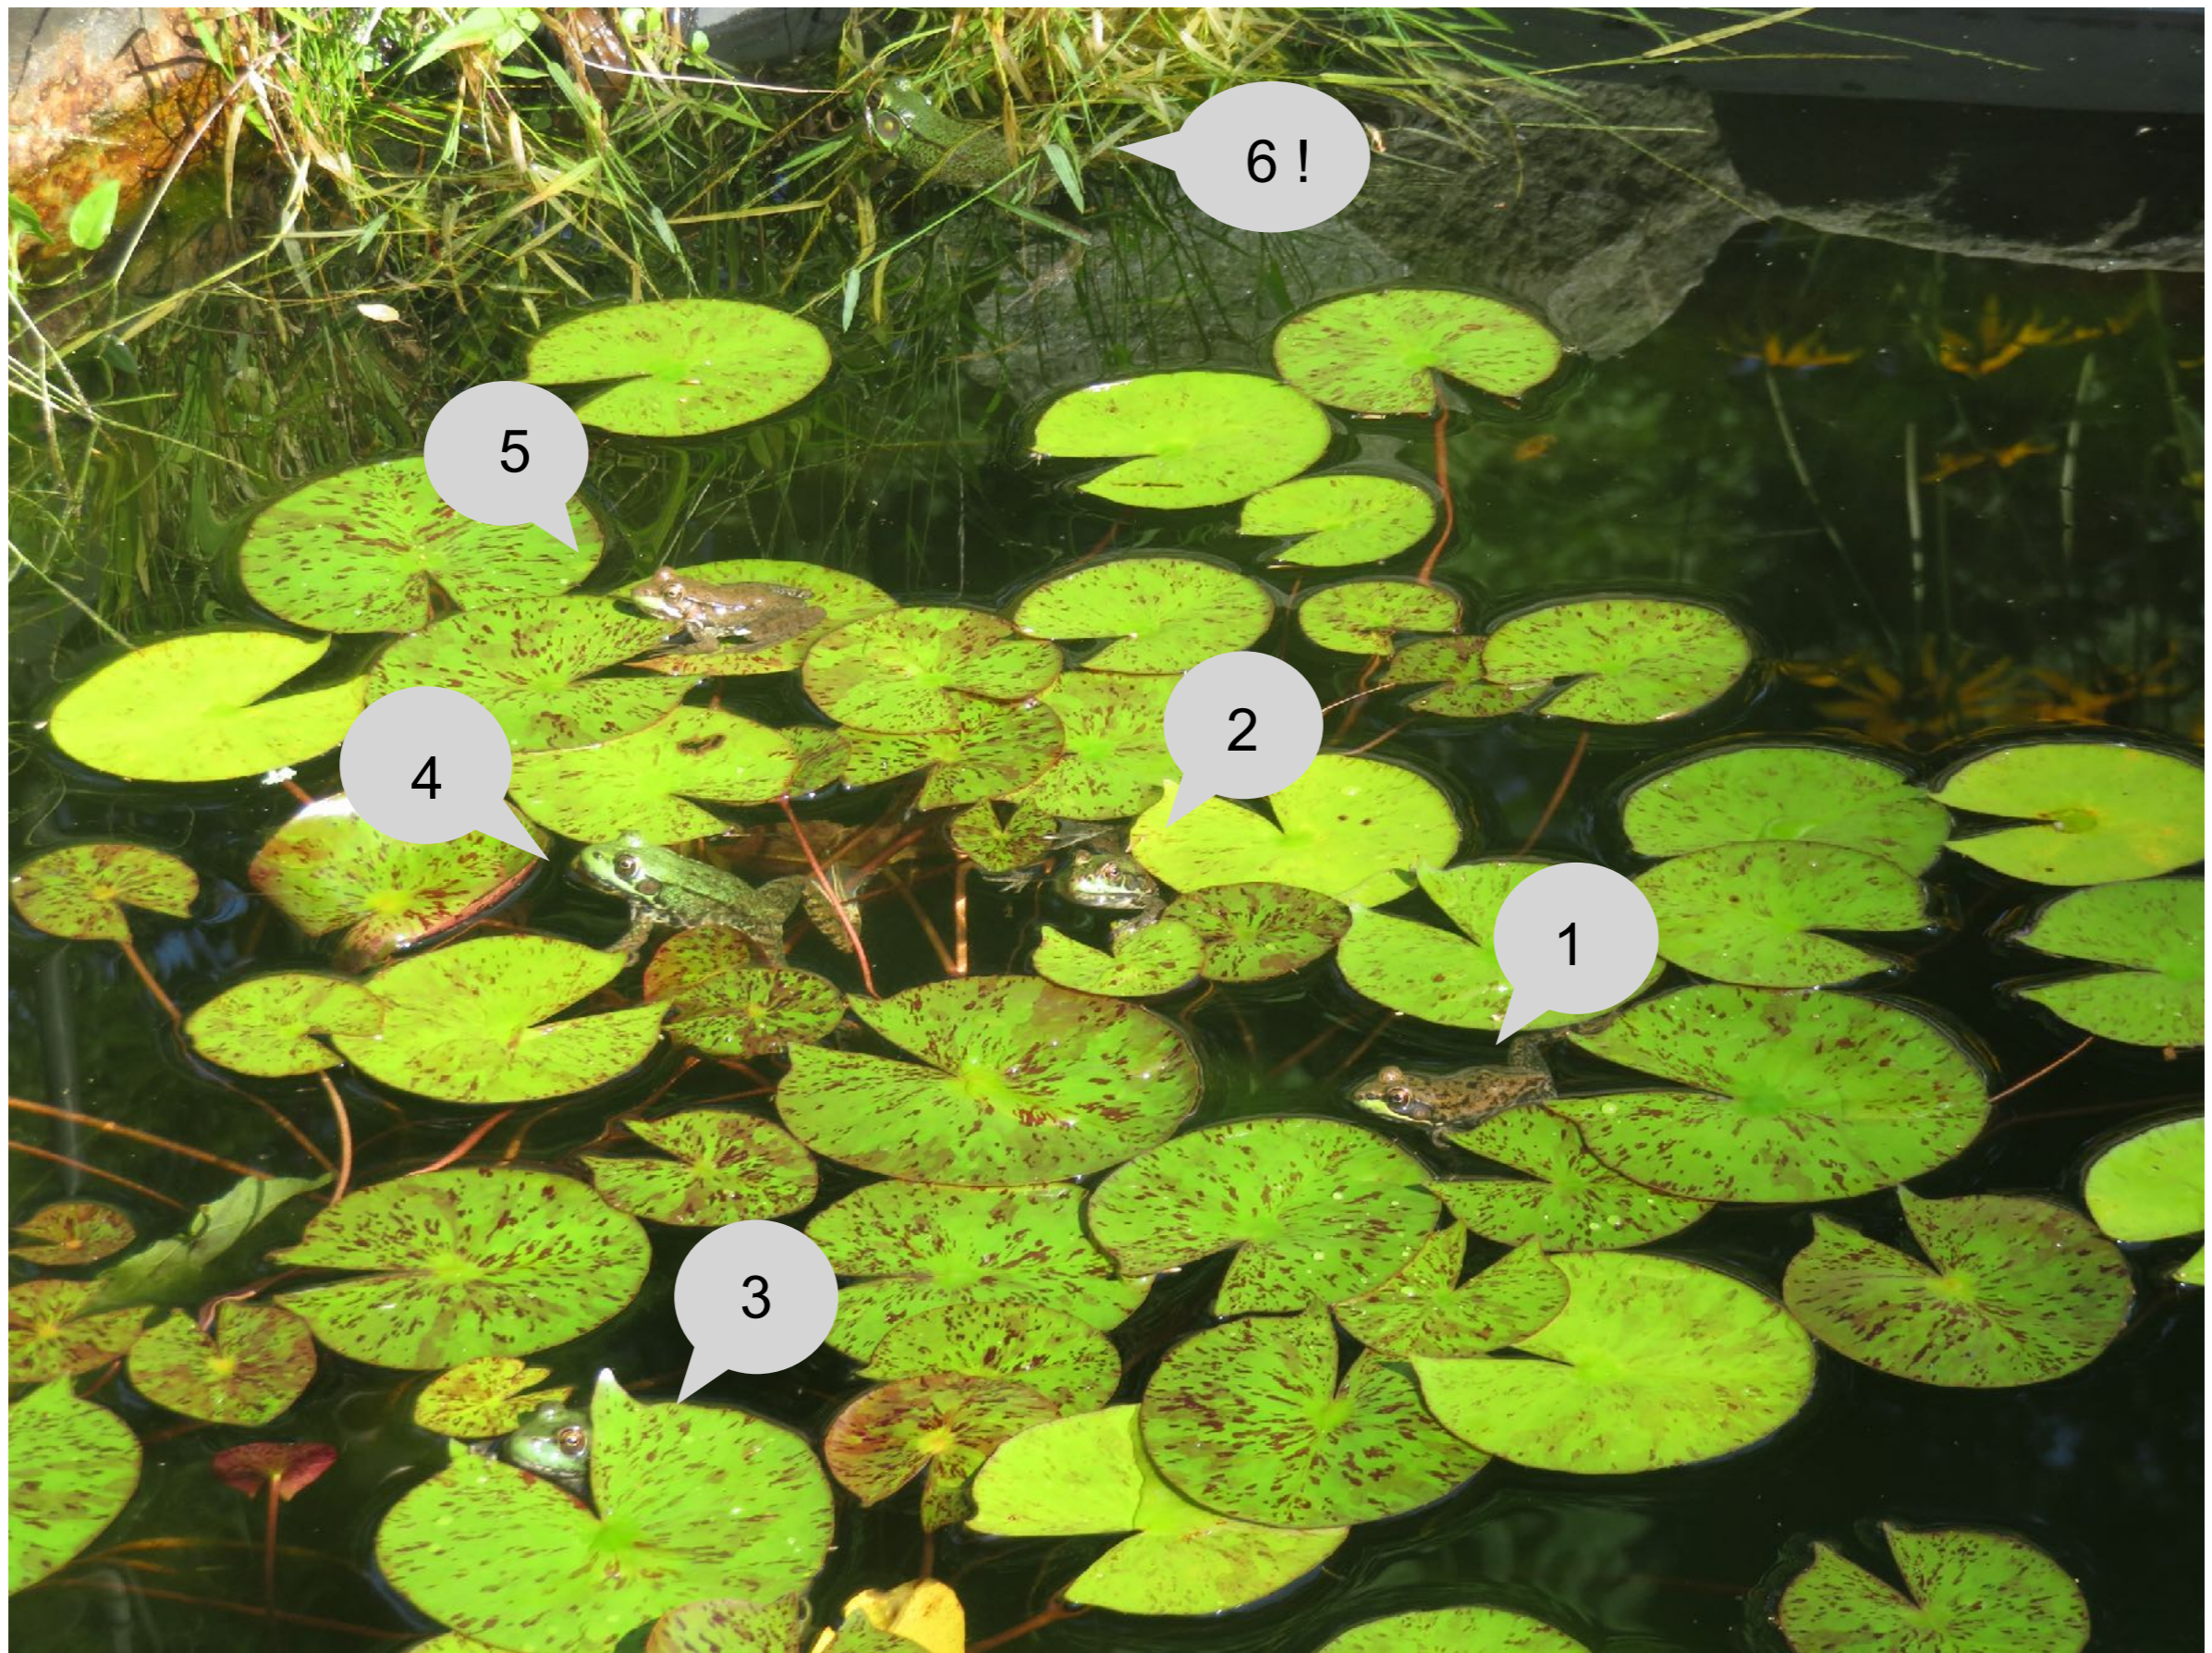

You're not a frog!  
You're a fox.

How many frogs do you see?

6!

Thanks for visiting  
our  
Frog Pond

Maybe we can eat  
some bugs together  
sometime
